Our unique programs are designed to provide a spectacular combination of cultural and experiential tours, together with the comforts and personal attention available only on small ship cruising vessels. Each one of our ships has been designed to provide comfortable quarters and well furnished common areas.

The size of our ships allows us to access smaller ports that larger ships cannot, and offers onboard experiences, such as on-deck barbecues, that are not possible with larger groups. Our cruise directors and expert guides, often native to the destination you will be visiting, are well informed and knowledgeable about the history, culture, and customs of the ports served.

Our programs can be custom tailored for small groups, incentives, and for celebrating special occasions.

Perhaps more important is what not to expect:
• Long lines for getting on and off the ship
• Extra charges for every excursion – most shore activities are included
• Arriving in port along with 1000 – 2000 other passengers swarming the souvenir shops
• Spending more time on the ship than in the place you want to visit

Beyond Cruises believes in and practices responsible tourism, as well as nature conservancy. We do not throw waste into the oceans and take care to leave the destinations we visit as pristine as we can. Our vessels do not destroy coral reefs nor natural sea life, and our program managers make sure that our guests do not trample, burn or leave garbage in parks, wetlands, or any areas being preserved for wildlife or human conservation.

This brochure is meant to be a sampler of programs, introducing interesting and beautiful destinations reached by small ships. Beyond Cruises by Group IST is a wonderful mix of adventure, culture, relaxation and memorable moments. If you are not enticed by the program overviews in this brochure, please contact us for additional options.

Welcome aboard!
Seychelles

The epitome of island paradise, with lush green jungles, powdery white sand beaches, and pristine turquoise waters. Journey across the Indian Ocean to experience the legendary beauty of this modern day Garden of Eden. Seychelles is a remote archipelago off the east coast of Africa made up of 115 islands, with a population of approximately 90,000. Despite the remote location, or perhaps because of it, the Seychelles has attracted people from all over the world since its discovery. This has led to a melting pot nation, where a multitude of races and religions are represented and reside harmoniously. The year round balmy weather, unique culture, breathtaking scenery, and collection of rare species make Seychelles an unparalleled destination you won’t want to miss.

From active volcanic landscapes, erupting geysers, and geothermal hot springs to thundering waterfalls, massive glaciers and black-sand beaches, venture into diverse and unique Iceland, “The Land of Fire and Ice.” Forged millions of years ago in volcanic eruptions, Iceland is the youngest land mass in Europe. Its isolated location and harsh environment lent to the distinctive country we know today. One of the most sparsely populated countries on earth, with around only 30,000 residents, much of Iceland’s population resides near the capital city. Icelanders take pride in the natural beauty of their country and strive to both preserve their fragile environment and harness the benefits of the natural resources. In fact, almost all electricity in Iceland is produced by renewable resources, such as geothermal energy. This voyage will take you on an adventure through a one of a kind landscape. Visit some of the country’s most famous landmarks and attractions. Discover a land almost completely unaltered by human presence. Interact with the locals, sample Icelandic cuisine and be immersed in the history of this beautiful nation.
