WELCOME ABOARD

Since 1914, the Alaska Railroad has played an enduring role as a year-round passenger transportation link in a vast state with sparse infrastructure. As steel wheels roll along nearly 500 miles of track, the railroad offers reliable, regularly scheduled service connecting Alaska cities, towns and protected

lands - from the larger hubs of Anchorage and Fairbanks, to the charming villages of Talkeetna and Seward, to the treasured wildlands of the Chugach National Forest and Denali National Park.

There's no doubt that our Railbelt destinations showcase some of the best of Alaska - and here at the Alaska Railroad, we believe that the journey should be just as spectacular as the destination. Our friendly, knowledgeable onboard staff is eager to answer questions and share stories about the Railroad. Our onboard dining room is proud to serve freshly prepared meals highlighting local ingredients. And there's no denying that our tracks just happen to traverse some of the most stunning landscapes on earth.

Whether you're an Alaskan traveling for work or play, or a visitor eager to experience The Last Frontier, welcome aboard. We're here to help build your journey and get you where you want to go.

Sincerely,

Bill O'Leary
President & CEO
Alaska Railroad Corporation

WHO WE ARE

The Alaska Railroad Corporation is a full-service railroad serving ports and communities throughout Southcentral and Interior Alaska. Primarily, we serve as regularly scheduled public transportation in these regions - it's been our commitment since 1923.

In the summer, the Alaska Railroad provides daily service to many Alaska destinations. Passengers seeking rail-only travel will find schedules and fares beginning on page 9, while travelers seeking to explore Alaska may be interested in our multi-day travel packages (page 21) and day trips (page 41). Whatever your reason for riding the rails, we think you'll agree the views from our tracks are some of the most spectacular on Earth.

WHERE WE GO

The Alaska Railroad travels along approximately 500 miles of track with three daily summer trains: the Coastal Classic to Seward, the Denali Star to Anchorage, Talkeetna, Denali and Fairbanks, and the Glacier Discovery to Whittier, Portage, Spencer Glacier Whistle Stop and Grandview. The Hurricane Turn Flagstop Train runs Thursday through Monday out of Talkeetna during the summer, serving remote homes only accessible by rail.

During non-summer months, the Aurora Winter Train provides service between Anchorage and Fairbanks on weekends and select mid-week departures. The Hurricane Turn winter service runs once a month from Anchorage to Hurricane on the first Thursday of the month.
